PROFILE

I'm a UK-based web developer specialising in WordPress with JavaScript and PHP since 2018. After transitioning from construction management, I now focus on creating user-friendly, data-driven digital products. I'm dedicated to delivering well-organised web development solutions and continually enhancing my skills. Recognised for my supportive nature and technical expertise, I'm interested in connecting with like-minded professionals for growth and collaboration.

WORK EXPERIENCE

Full-Stack Web Developer

Self-employed / Gloss Ltd. Birmingham, UK | 2018 - current

Key performer within an agency, overseeing 300+ WordPress projects with a client satisfaction rate of 90% for technical results. Notably recognised by team members for being valuable and supportive.

- Manage WHM/cPanel accounts and DNS records.
- Handle end-to-end WordPress project lifecycle.
- Lead migration processes between servers.
- Develop custom themes/plugins based on project needs.
- Convert mockups into responsive layouts.
- Integrate page builders, eCommerce, and APIs.
- Provide technical support and debugging.
- Collaborate efficiently with staff.
- Educate clients on CMS usage.
- Mentor junior/mid web developers.
- Optimize processes and implement solutions to improve efficiency.

Construction Supervisor

Projects in Lithuania, EU | 2012 - 2018

- Managed up to 100 workers, including sub-contractors, on construction projects ranging from multi-storey to high-rise buildings.
- Developed strong project management and team leadership skills, which have been beneficial in managing complex web development projects.

EDUCATION

Bachelor degree / Civil Engineering and Construction Management

Vilnius Gediminas Technical University (VILNIUS TECH), Lithuania, EU

MOTIVATION

Driven by the IKIGAI principle, I find purpose in work that aligns with my passion, meets a need, and supports my livelihood. I actively seek a balance that allows me to enjoy what I do, striving for continuous daily improvement to be 1% better, and enjoy helping others on their journey towards success.
